**Greetings from Walter Biegelbauer**

The year 2020 comes to an end - and so will my active professional life. I look back on over 47 interesting and fulfilling years in my job „with needle and thread“. First at Zangs and then at ZSK, I have been intensively involved in the construction and development of embroidery machines - always with lots of passion and enthusiasm.

Not only the exciting topics and the good team have contributed to this enthusiasm, but also our customers and especially the exchange and cooperation with our representatives and colleagues all over the world.

Over the past decades, I met many of you, our ZSK partners, and together we have worked on many customer projects. There have been exciting challenges, many nice personal contacts and many joint successes. The intensive cooperation with you has been a lot of fun, and I will take with me many nice memories.

With joy, but also with a little melancholy, I now look ahead to my "new" life as a pensioner. I will certainly miss the customer projects, the exchange with colleagues, the contacts and the personal exchange especially with you, the ZSK family.

However, of course, business will continue seamlessly at ZSK with my colleagues and successors Rochus Groß and Daniel Heisters who will be at your disposal in the future.

I would like to thank you for your good cooperation and the trust you always have put in me.

Keeping you all in good memory and wishing you all the best, good luck and above all, stay healthy!!!!

Goodbye,

*Walter Biegelbauer*
